SUNIL GAUTAM

TECHNOLOGY ANALYST / BACKEND ENGINEER • Node.js • Microservices • Distributed Systems • Event-Driven

Lucknow, India | +91-8081433959 | business.sunilgautam@gmail.com | linkedin.com/in/sunil-gautam-061312168 | github.com/007sunilgautam

PROFESSIONAL SUMMARY

Backend Engineer with 13+ years building and scaling high-performance **Node.js backend services** — owning services from **design to production** as an individual contributor. Strong in **microservices architecture, distributed systems, event-driven architecture**, and **REST API** design, with solid data modelling across SQL and NoSQL stores. Experienced running production systems on AWS — observability, debugging, and reliability — and delivering cloud-native, scalable software for enterprise clients. Takes full **production ownership** of what I ship.

TECHNICAL SKILLS

Core Backend: Node.js, Express.js, TypeScript, JavaScript (ES6+), REST APIs, API Design & Versioning

Architecture: Microservices Architecture, Distributed Systems, Event-Driven Architecture, Pub/Sub, Scalability, High-Performance Systems, System Design

Databases: Amazon DynamoDB (Single-Table Design) ~3 yrs, MongoDB (NoSQL), PostgreSQL, MySQL, Data Modeling, Schema Design, Query Optimization

Cloud & DevOps: AWS (EC2, S3, RDS, CloudWatch), Cloud-Native Apps, CI/CD, Git, GitHub, Bitbucket, Observability & Monitoring

Production: Production Ownership, Debugging & Root-Cause Analysis, Reliability, Performance Optimization, Caching

Practices: Secure Coding (JWT/OAuth/RBAC), Agile/Scrum, Code Reviews, Testing (Jest), AI-Assisted Development (Claude)

PROFESSIONAL EXPERIENCE

Team Lead / Senior Backend Engineer — HKK Entertainment Private Limited
Jan 2024 – Present

Node.js, Express.js, TypeScript, Amazon DynamoDB, MongoDB, REST APIs, Microservices, Socket.IO (event-driven), AWS, CI/CD

- Own **Node.js backend services** for **Zillit**, an enterprise SaaS platform — from design to production — with **microservices** and REST APIs serving web and mobile clients.
- Modelled NoSQL data with **Amazon DynamoDB using single-table design** and MongoDB — optimising access patterns, partition/sort keys, and queries for scale.
- Built **event-driven** flows (Socket.IO / pub-sub) for real-time updates across services.
- Take full **production ownership** — observability (CloudWatch), debugging, reliability — and lead code reviews while mentoring engineers.

Consultant Project Leader / Backend Engineer — R Systems International
May 2021 – Dec 2023

Node.js, Express.js, PostgreSQL, MySQL, REST APIs, AWS (RDS, CloudWatch), Bitbucket, CI/CD

- Designed and built secure, high-reliability **Node.js backend services and REST APIs** for **IATF (CIBC)**, an enterprise banking platform — validation, authorization, and audit logging.
- Operated production systems on AWS; debugged complex production issues to root cause and improved reliability; owned CI/CD releases and quality gates.

Technical Solution Architect — Shivkaal Infotech Pvt. Ltd.
Sep 2020 – Apr 2021

Node.js, Express.js, PostgreSQL, MySQL, REST APIs, GraphQL

- Architected backend services and **REST/GraphQL APIs** for **Krishak Fresh**; designed scalable, service-oriented data models across products, orders, and delivery.

Senior Software Engineer — STPL
Sep 2018 – Sep 2020

Node.js, Express.js, MySQL, REST APIs

- Built high-performance Node.js REST backends with caching and async patterns; optimised API communication and reliability under high load.

Software Engineer — Singsys Pte Ltd
Jan 2012 – Aug 2018

Node.js, JavaScript, MySQL, REST APIs

- Built **Tueetor**, a marketplace platform — backend REST APIs and data models in Agile teams.

SELECTED PROJECTS

IATF (CIBC). High-reliability banking backend with secure Node.js REST APIs, relational data modelling, and production observability on AWS.

Zillit. Node.js microservices + REST APIs with event-driven real-time updates and MongoDB, deployed on AWS.

Krishak Fresh. Service-oriented backend with REST/GraphQL APIs and scalable data models.

EDUCATION

MCA — Master of Computer Applications, Uttar Pradesh Technical University (UPTU), 2012

BCA — Computer Applications, Bhopal University, 2009

ADDITIONAL

Experience: 13+ years • **Location:** Lucknow, India — Remote • **Notice:** < 15 days • **Languages:** English, Hindi
